

CARE4TODAY®
MOBILE HEALTH
MANAGER
**CAN HELP YOU
MANAGE YOUR
MEDICATIONS
FROM YOUR
MOBILE PHONE**

It's FREE and does so much more than apps that just send reminders, such as:

- Track progress and share reports with your healthcare providers
- Care4Family® enables users to support family members and loved ones by monitoring their self-reported medications
- Care4Charity® allows you to do good for others when you take all of your medications on a daily basis. Learn more at: care4today.com/mhm

care4today®
Mobile Health Manager

Brought to you by Janssen Healthcare Innovation, an entrepreneurial team within Janssen Research & Development, LLC.

To learn more or download the free app, visit:
care4today.com/mhm

care4today®
Mobile Health Manager

FOR A
**HEALTHIER
TOMORROW**

FIRST

download the FREE App
or visit our website:
care4today.com/mhm

THEN

you just enter your medications and the
time you take them

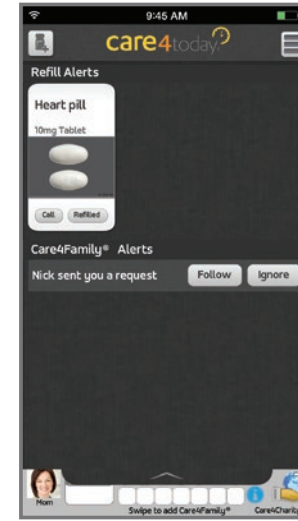

NEXT

you can choose to set up refill reminders to help
you avoid running out of your medication

CARE4TODAY®
MOBILE HEALTH
MANAGER USES A
**COLOR-CODED
SYSTEM**

to help you see when it's
time to take a medication
and helps you stay on
schedule.

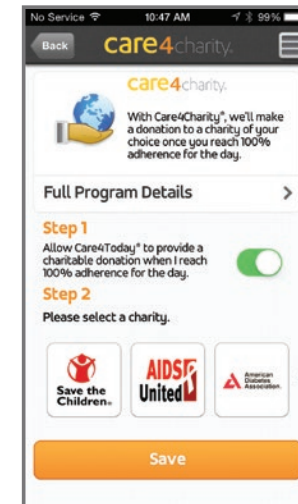

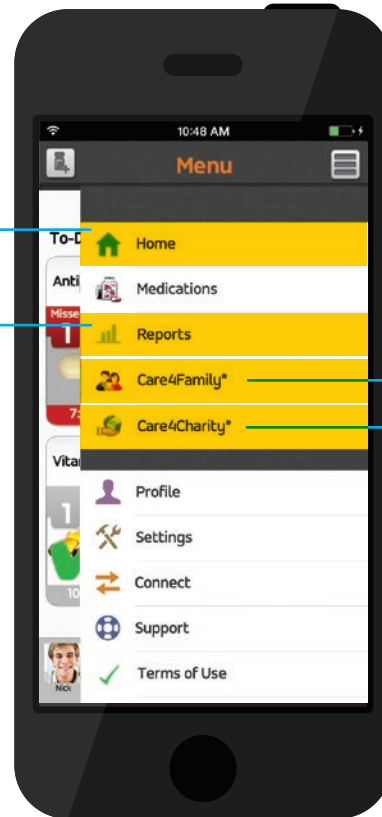

ANOTHER GREAT
FEATURE OF
CARE4TODAY™
MOBILE HEALTH
MANAGER IS
CARE4FAMILY®,

which lets you monitor
the medication schedule
of a loved one, and see
if they are taking their
medications.

**PLUS, BUILT IN REPORTS
TRACK HOW OFTEN YOU
TAKE YOUR MEDICATION –**

you can even show these reports to your
doctor right from your phone.

**CARE4CHARITY®
– FIND OUT
HOW YOU
CAN SUPPORT
CHARITIES BY
USING THE
APPLICATION.**
